When Themistocles was trying to get money out of the Andrians for the Greece defense fund and told them that the Athenians would come with two great gods, persuasion and necessity, the Andrians replied that the Athenians were well off with two such serviceable gods, but they had two gods who always dwelt in their country—poverty and impossibility.

Cyrus' bitter jest about the fishes to the wretched Andrians, who had declined his overtures, and then after the taking of Sardis wanted to come to terms, has too much cruelty to be humorous. "Say," said the insulting victor, "that a piper, seeing fishes in the sea, were to pipe to them thinking they will come out to the land, and when he was disappointed of his hope took a net and included a great multitude of the fishes and drew them to land, and seeing them flopping about said to the fishes, 'Cease dancing to me, since you would not come out and dance when I played.'"

It is reported that the Indians of Red river reservation, near Ashland, have never been in better condition than they are this winter. The recommendation of Indian Agent Mercer, which brought the Washington officials to favorably consider the proposition of logging on the reservation, is responsible for the happy condition. J. L. Stearns the lumberman, has deposited a bond of \$50,000 with the Washington officials and begun logging on the reserve, giving ample employment to all the Indians who wish to work and at a very fair rate of wages. He has 80 Indians at work now, and they are getting out 50,000 feet of logs daily. The attendance at the Indian school on Red river reservation has never been so large as this winter.—Milwaukee Wisconsin.

The Gypsy Moth Is Costly.

The gypsy moth is going to cost Massachusetts a pretty penny before the work of extermination is finished up. It appears that the sum of \$245,000 has been expended already, and with an appropriation of \$165,000 this year, \$150,000 next year, \$160,000 for the year following and \$50,000 annually after that it is not difficult to calculate that a round million will have been exhausted before the pest is vanquished. This is a big bill to pay, but it isn't so expensive as the damage to the ravages of the moth.

SUMMONS.

IN THE DISTRICT COURT OF THE State of Nevada, in and for Washoe County. The State of Nevada sends to John A. Gargis greeting: You are hereby required to appear in an action commenced against you as defendant by Ella C. Gargis as plaintiff in the District Court of the State of Nevada, in and for the county of Washoe, and answer the complaint therein within ten days after the service on you of this summons (exclusive of the day of service), if served in said county, or twenty days if served out of said county, but within said district, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. This action is brought to recover a judgment and decree of this court dissolving the bonds of matrimony between you and the plaintiff, on the grounds that on the 11th day of January, A. D. 1893, you willfully and without any cause, deserted and abandoned the plaintiff, and still continues, and has ever since continued, to desert and abandon the plaintiff, without sufficient cause or reason, and against her will and consent. Plaintiff alleging that you intermarried with plaintiff at Johnson county, Missouri, on the 12th day of January, A. D. 1891, and have ever since been husband and wife; that she is now and for more than one year past has been a resident of Washoe county, Nevada; that there are three minor children living the issue of said marriage. Plaintiff also demands that the custody of said minor children be awarded to her, and that she recover her costs, etc. All of which will appear more fully from the complaint, which is on file in the office of the Clerk of said court, at Reno, in said county, and to which you are especially referred. And you are further notified that if you fail to appear and answer said complaint, the plaintiff will apply to the court for relief demanded.

In Witness whereof, I have hereunto set my hand and affixed the seal of said court at Reno, this 10th day of February, A. D. 1894.

Mr. Bartine seems to be kept quite busy now explaining where he is at.

As a spring medicine, Ayer's Sarsaparilla supercedes all others. Try it this month.

H. J. Darling, the veterinary surgeon, was a passenger last night for the Midwinter Fair.

O. Lonkey and brother Basil Lonkey of Verdi have returned from a visit to the Sandwich Islands.

Hon Frank M. Folsom of Carson came down on last night's local and changed cars for the Midwinter Fair.

Call and see the new styles of dress goods and trimming materials that have been received at S. Emrich's.

The Democratic State Central Committee seems to have lost its influence at Washington since Ben Titus resigned.

The largest assortment of heating stoves, parlor stoves, cook stoves and ranges, crockery and lamps at panic prices at Lange & Schmitt's.

As a stomachic, when the digestive organs are inactive and need stimulating, especially after dinner, nothing can equal Ayer's Pills.

Thin or gray hair and bald heads, so displeasing to many people as marks of age, may be averted for a long time by using Hall's Hair Renewer.

If you want a good fitting pair of boots or shoes—no scab work from strangers—go to H. F. Pavola, who is reliable and no stranger.

Senator J. P. Jones will pass through here this morning on his way to Washington. He goes direct to the Capital to take his seat in the Senate.

D. H. Haskell yesterday sold thirty river front lots east of Virginia street to C. S. Martin. He also sold a lot on Commercial Row to the same purchaser.

D. H. Haskell arrived yesterday from San Francisco and was welcomed by many old friends. He goes from here to Lovelocks where he has interests in lands.

Seth Taylor, the young man who was shot last Saturday night, is resting easily and getting along as well as could be expected under the circumstances.

There are not as many Democrats in Nevada as there were yesterday morning. The veto of the Seigniorage bill has changed several and the appointments at the mint have changed at least two.

Frank M. Smith of Oakland, President of the Pacific Borax Company, who is the owner of nearly all the borax mines in this country, has given \$200 toward the Nevada exhibit at the Midwinter Fair.

Democratic Congressmen assured the President that the veto of the silver bill would result in a Populist majority in the next Congress. The bill has been vetoed, now for the Populist majority in the next Congress.

The annual report of the Reno Real Estate and Investment Company appears in the JOURNAL. The company has purchased several lots and erected a very fine building. It is in a good condition financially and within a year will be out of debt.

President Cleveland has some respect for malniness. He selected from the Silver party a Superintendent and Melter and Refiner at the Carson Mint. The Superintendent is ex-Governor Adams and the Melter and Refiner Hon. H. Harris, a member of the Legislature in 1892. Both men stood up for the interests of the State in 1892 and voted the Silver ticket.

What of the Republican Party on the Silver Question?—Was Mr. Bartine Correct When He Stated the Republican Attitude Was Always the Same as Now?

ELKO, Nevada, March 26, 1894.
EDITOR JOURNAL:—The reading of an article, recently printed in the columns of the Reno Gazette, from the pen of Hon. H. F. Bartine, in defense of himself and the Republican party, will cause some surprise to those familiar with the political history of the past twenty-five years. Surprise at the distorted statements of the attitude of the Republican party upon the "silver question," and surprise that a gentleman who had represented this State in the Lower House of Congress and had been a candidate for promotion to the U. S. Senate should make such statements with such apparent sincerity and with the expectation that the voters of Nevada would believe them.

A REMARKABLE ASSERTION.

The most remarkable, as well as surprising, assertion made by Mr. Bartine in the article referred to, and the one that a gentleman of his pretensions and aspirations ought to have known was not correct, is that

During all the years that Mr. Wren was an earnest and indefatigable champion of Republicanism, the attitude of that party upon every great national question, including that of silver, was substantially the same as it is to-day.

Evidently, Mr. Bartine has not read the recent authoritative utterances of that party upon the "silver question," otherwise he would not have made such an assertion and would not expect those who read it to believe.

There has been an election held in some of the States from which Mr. Bartine expects to obtain Republican majorities upon national issues, and there has been an extra and regular session of Congress, since the defeat of Mr. Harrison in 1892. At this recent election and in these sessions of Congress Mr. Bartine's party and his party leaders have made an authoritative record upon the "silver question," and I think it would be of some concern to him to inform himself upon that record before making such positive assertions.

REFRESHING MR. BARTINE'S MEMORY.

Prior to the election of 1888 neither of the old parties would assume the responsibility of having passed the act demonetizing silver in 1873, and the press and leaders of both parties characterized that act as little less than a crime. Both parties, during the same time, were crowding over each other in their endeavors to convince the West that each was the better friend of silver, and both were assuring us because neither had been in control of both the executive and legislative departments of the Government since 1873 at the same time neither could do anything by legislation to promote the "silver question," that each claimed it was so anxious to do. Does not Mr. Bartine know and remember that such, at least, was the attitude of the Republican party prior to 1888?

Does not Mr. Bartine also know and remember that in 1888 the Republican National platform demanded the "use of both gold and silver as money,"—that there were no words in that platform discriminating for or against either metal?

Does not Mr. Bartine remember that the Republican voters of this State were assured that that platform meant "free coinage" of silver, and that if Mr. Harrison and a Republican Congress were returned at that election something substantial would most surely be done for silver?

I remember that Mr. Bartine was at that time a candidate for Congress, and I "think" I remember that he gave us those assurances from the stump during that campaign. Does Mr. Bartine so recollect? Mr. Harrison, Mr. Bartine and a Republican Congress were elected upon those assurances and upon that platform, and upon the free coinage construction of that platform.

I do not know that any other construction was placed upon that platform until after the election; at least, the Republicans of Nevada never heard any other construction placed upon it during the campaign by their press or leaders.

In the light of these very recent facts covering a part of the time during which Mr. Wren championed the Republican party, will Mr. Bartine say that the attitude of that party, upon the silver question, is substantially the same now as it was then?

Will he kindly quote what Mr. Harrison said in favor of silver after his election upon that platform in his inaugural address? So great a champion of silver, upon such a platform, ought to have said something favorable to silver in his first official utterance! Don't you think so, Mr. Bartine?

PERTINENT QUESTIONS.

Will Mr. Bartine quote some recommendation from Mr. Harrison's first message to the first Republican Congress since demonetization, in favor of silver legislation, that even Mr. Bartine can, as a free coinage man, endorse? Can he quote any such recommendation in any message of that "free coinage" President?

Is it not a fact that the attitude of the Republican party had so changed upon the silver question between the adjournment of the Republican National Convention in 1888 and the adjournment of Congress in 1890 that you realized that legislation favorable to silver, as you had hoped, was an utter impossibility, and did you not, in effect, so inform your constituents?

Is it not also a fact that the Sherman act was extorted from an unwilling Republican majority through fear of the defeat of the McKinley bill?

Is it not also a fact that Mr. Harrison, elected upon that platform that

Royal Baking Powder

ABSOLUTELY PURE

you said pledged the Republican party to legislation favorable to silver, would have vetoed a free coinage bill and more willingly signed a bill to repeal the Bland act without providing for the further coinage of silver than he signed the Sherman act?

In the light of these facts is not Mr. Wren where you both were in 1888?

It seems to me, an ordinary voter, that Mr. Wren has shown greater consistency in refusing to support the Minneapolis platform of 1892 on the silver question than you show by supporting it after having been an active member of that first Republican Congress that failed and refused to keep the pledges that you and others assured the people would be kept. How can Mr. Bartine complain that Mr. Wren, or other Republicans of this State, refuse to act with the great Republican party, when it confessed, by acts of its President and Congress, that the platform of 1888 was a mere pretense with which to catch Western votes? The first proposition to repeal the Sherman laws that commanded public attention came from Senator Sherman, the boss of the financial policy of the Republican party, by the introduction of a bill to repeal it at the first session of Congress after its passage.

REPUBLICAN ENDORSEMENT OF CLEVELAND.

The Democratic National platform of 1892 condemned the Sherman act as "a cowardly make-shift, fraught with danger, which should make all of its supporters as well as its author anxious for its repeal," and Grover Cleveland, in his message to the extra session of Congress, attributed nearly all the existing and pending financial ruin to that act. Does not Mr. Bartine know that every prominent Republican member of Congress in the east, with one exception, endorsed Cleveland and that platform by voting for the repeal bill?

Did they not confess by platform that the Sherman Act was a "cowardly make-shift?" Will Mr. Bartine tell us what kind of men compose a Congress that enact "cowardly make-shifts" and upon what kind of assurances they procure their election? Does he not think there has been some change in the attitude of such a Congress after its election? If it had not been for the acts of the Republican party in the extra session of Congress silver would now command a higher price than fifty-nine cents. It seems that they were so wedded to the gold standard that they could not be content to permit Mr. Cleveland and "my Congress" to become responsible to the people for legislation, but they must rush to his standard and vote down the South and West because they loved silver so.

Does not Mr. Bartine know that his Republican party in Pennsylvania in 1893, in State convention, demanded "the immediate and unconditional repeal of the purchasing clause" of the Sherman act, and that said convention "congratulated the country upon the recent and patriotic action of the House of Representatives and requested the Senators from Pennsylvania to support similar legislation now pending in the Senate?" That Republican convention stamped Mr. Harrison and the Republican Congress of 1889, of which Mr. Bartine was a member, as cowards, and the Sherman act as a cowardly make-shift, and yet the attitude of the Republican party upon the silver question to-day is substantially the same as was prior to 1892. How can Mr. Bartine so stultify himself? The Massachusetts Republican convention in the same year adopted the same platform in effect; Maryland Republicans did the same.

SOME SUGGESTIONS.

Let me suggest to Mr. Bartine that it would be interesting reading for him to study the latest utterances of his party upon the silver question and then say whether he and his party were now where they were in 1888.

We should like for him to say whether he endorses the Republican platforms of the States of Ohio, New York, Pennsylvania, Massachusetts, Iowa and Nebraska adopted in 1893 on the silver question. They all gave Republican majorities in that year, and it is claimed they will give the same majorities in 1896.

Do you endorse those platforms, Mr. Bartine?

We want to know just how good a Republican you are, so that we can then know just how good a silver man you are.

UNIVERSITY MATTERS.

Proceedings of the Board of Regents.

A meeting of the Board of Regents of the State University was held yesterday; present President Fish and Hon. C. E. Mack.

The financial condition of the funds of the University were shown to be as follows:

Stat Contingent Fund, \$6,346 90; from which have to be deducted the expenses for March, which amount to about \$700.

In the State Mining Laboratory Fund there was, on March 1st, \$2,563 83.

In the Agricultural College Fund, at same date, there was \$3,605 77.

Experiment Station Fund, on March 1st, \$2,009 19.

The utmost economy has to be used to carry on the University until the meeting of the next Legislature to avoid a deficiency.

The enrollment of students for the year was 191, and the number reporting on the first day of the present was 151.

Mrs. Emery applied for permission to give the senior class in the Normal School two months' instruction in wood carving under Superintendent Brown, and the request was granted.

The Secretary was instructed to communicate with the V. & T., S. P., N. C. O., Eureka & Palisade and Nevada Central relative to giving the students reduced rates in traveling to and from the University. D. A. Bender of the V. & T. has already signified his willingness to comply with the request.

The committee on dormitory for young men is considering a proposition to build a dormitory with all requisite conveniences for the students. Such a building will probably cost \$25,000.

The Board desires to retain the service of Lieutenant Neall, but fear the regulations of the War Department will not permit it. If he cannot be retained the Board will ask that Lieutenant W. R. Hamilton of the Fifth Artillery be detailed to succeed him. Lieutenant Hamilton is a man of national reputation, having acquired considerable notoriety as a writer. He has a wife and three children and is a highly educated and accomplished gentleman.

GRAND JURY REPORT.

Five Indictments Found.

The Grand Jury was in session yesterday and presented the following report:

To the Honorable A. E. Cheney, District Judge in and for Washoe County, Nevada:—We, your Grand Jury, beg leave to make the following report. We find true bills against the following persons, viz:

John Kinkart and Austin Gray, charged with grand larceny.

Instructions in French.

Madame Bonneville Leak, at the Golden Eagle Hotel, teacher of the French language, would be pleased to enlarge her class and respectfully solicits patronage in Reno. Mrs. Leak is a qualified and highly successful teacher of the French language, which is her native tongue, and the experience she has acquired in the many years she has exercised her profession enables her to offer her services to the public of Reno as a thoroughly competent instructor.

Terms—Children between six and ten in class per month, \$1 50; children between ten and fifteen in class per month, \$2 00; adults in class per month, \$4 00. Private instructions—Day and evening lessons, \$4 00 and \$6 00.

The Mistakes

of life are many—some great, others small. We classify them as we feel their effect, and just in the same way you recognize Simmons Liver Regulator when taken for Indigestion, Dyspepsia, Constipation and Biliousness. There can be no mistake in taking the Regulator for these disorders. It quickly relieves. Don't make the mistake of getting anything else for Malaria.

Church Sociable.

The Ladies' Aid Society will give a sociable at the residence of Mrs. E. D. Kelley, Friday evening, 30th instant. An entertaining program has been arranged for the occasion and all are invited.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitution remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

Invalid 3 Years, Cured by Hood's

"C. I. Hood & Co., Lowell, Mass.: 'Gentlemen:—I am glad to tell you that I have been given good health by Hood's Sarsaparilla. For three years I was an invalid, suffering terribly from

Nervousness and Lameness.

"I was so nervous, I could not bear the least noise, and I had to walk with crutches for six months, as I could not put one of my feet to the floor. Physicians did not do me any good, so a friend told me to get Hood's Sarsaparilla, but

I Said There Was No Use.

"However, after thinking the matter over, I decided to give it a trial, and have taken six bottles of Hood's Sarsaparilla, and the result is that I am well as any one could wish to be, and can do any kind of work. I advise all my friends to take Hood's Sarsaparilla for I believe it will do them good."

Miss Susie Dodson, Colton, California.

Hood's Pills cure liver ills, constipation, biliousness, jaundice, sick headache, indigestion.

NEWSPAPERARCHIVE

TO HARM THE TIDES.

The Colossal Idea of Mr. Davies, Which He
Has Demonstrated in a Small Way.
Mr. Davies of Wood Green has em-
barked on a scheme which promises co-
lossal returns. He intends utilizing
tidal energy for electric lighting, tram-
ways and railways. The notion is not
entirely new. In 1881 Professor Thompson
pointed out that no fewer than 20,
000,000,000 foot pounds of energy were
wasted each year at Bristol alone. One-
tenth part of this energy would, it is
stated, light the city with electricity,
while one-tenth part of the tidal force
of the Severn would be sufficient to il-
luminatate every city in the empire. Sci-
entific men have all agreed that the only
possible mode is to have immense reser-
voirs, which would fill at high tide and
run out on the ebb into the tidal way
through turbines. To this there has al-
ways been one disadvantage—no inven-
tion could show a greater length of effi-
cient working power than six hours
daily.

Mr. Davies claims, after an immense
amount of thought, a deal of experi-
ment and considerable outlay, to have
invented apparatus by which he can
work turbines from the rise and fall of
the tides every minute during the 24
hours at a saving of 400 per cent over
steam engines of similar power. His
experiments on a small scale off the
Cheeshire coast incline him to believe
that it will speedily become an immense
commercial success and an affair of na-
tional importance.—London Figaro.

BALD HEADS!

What is the condition of yours? Is your hair dry,
harsh, brittle? Does it split at the ends? Has it a
lifeless appearance? Does it fall out when combed or
brushed? Is it full of dandruff? Does your scalp itch?
Is it dry or in a heated condition? If these are some of
your symptoms be warned in time or you will become bald.

Skooskum Root Hair Grower

Is what you need. Its production is not an accident, but the result of scientific
research. Knowledge of the diseases of the hair and scalp led to the discov-
ery of how to treat them. "Skooskum" contains neither minerals nor oils. It
is not a dye, but a delightfully cooling and refreshing Tonic. By stimulating
the follicles, it stops falling hair, cures dandruff and grows hair on bald
heads.

Keep the scalp clean, healthy, and free from irritating eruptions, by
the use of Skooskum Skin Soap. It destroys parasitic insects, which feed on
and destroy the hair.
If your druggist cannot supply you send direct to us, and we will forward
promptly, on receipt of price. Grower, \$1.00 per bottle; 5 for \$5.00. Soap, 50c.
per jar (5 for \$2.50).

FILTERING MERRIMAC WATER.

It Has Been Found That Pollution In This
Stream Increased the Death Rate.

The city of Lawrence, Mass., is ex-
perimenting with a "filter bed" with
which it hopes to purify the water of
the Merrimac river, the source of the
water supply of that city. The sum of
\$60,000 already has been expended for
the purpose. The experiment is being
made in pursuance of the discovery
made two years ago by the state board
of health of Massachusetts that certain
cities which had suffered especially
from typhoid fever were using water
from polluted rivers. The board gave
assurance that by the use of filter beds
99 per cent of the bacteria organisms,
some of which are harmful, would be
removed.

The filtering was begun Sept. 20,
since which time daily investigation
shows that this proportion of the bac-
teria is removed from the water, and
also that the water is so purified that
three-fourths of the remaining 2 per
cent die before the water reaches the
dwelling houses. The fact that the
number of deaths from typhoid fever in
that city during the months of October
and November of last year was only
one each month, while formerly the av-
erage for five years was five each month,
seems to furnish conclusive evidence
that there is a virtue in the plan rec-
ommended by the Massachusetts board.

New Year's Cards In France.

The custom in France of sending one's
visiting card to acquaintances on New
Year's day is rapidly increasing. Even
the establishment of a society for the
suppression of complimentary visiting
cards has been powerless against the
progress of fashion. The French post-
office officials have made an interesting
calculation on the subject. It is rec-
orded that in the department of the Seine
alone, which of course includes Paris,
3,750,000 visiting cards were delivered
by postmen on the 1st of January, 1881.
The following year it had risen to
9,500,000, the year after to 13,000,000
and finally, in 1894, it reached nearly
15,500,000.—Paris Journal.

HOOD'S AND ONLY

Hood's Sarsaparilla is the medi-
cine for you. Because it is the best
bloodpurifier. **HOOD'S CURES**

THAT ROYAL ROMANCE.

The Baron Rescued the Princess From Her
Prison, and Now They Are Wed.

The love story of the Princess Eliza-
beth of Bavaria turns out to be even
more romantic, according to its latest
version, than at first reported. The first
account declared that the princess, hav-
ing known Baron von Seifried for many
years, married him with the reluctantly
granted consent of her parents and of her
uncle, Emperor Francis Joseph of Aus-
tria. The ceremony was said to have
taken place at Genoa.

It now appears that the royal parents
of the princess opposed with right royal
sternness the marriage of their
daughter. She was borne away, like
some lovelorn damsel of old, to a se-
questered castle in the Tyrol. Here she
was left to repent and reflect upon the
folly of misplaced affection. Baron von
Seifried was meanwhile garrisoned at
Munich, in Bavaria.

But the fair prisoner found means to
inform her trusty knight and true of her
whereabouts, and he hastened to her
relief by the first railway train. They
met at Baviar, where all trace of the
was lost. But President von Crailsheim
of the Bavarian ministerial council has
just received word that the couple were
married in a little parish church near
Geneva, in Switzerland.—New York
Mail and Express.

His Epitaph.

A young Swede was recently scalded
to death by the explosion of a boiler in
Oregon. As the young fellow had been
very popular among his associates a
committee was appointed to erect a small
monument over his grave. After con-
siderable hard work the committee pro-
duced a stone with the following in-
scription:

Irregularity.

Is that what troubles you? Then it's
easily and promptly remedied by Dr.
Pierce's Pleasant Pellets. They regu-
late the system perfectly. Take one
for a gentle laxative or corrective; three
for a cathartic.

If you suffer from Constipation, In-
digestion, Bilious Attacks, Sick or Bil-
ious Headaches, or any derangement
of the liver, stomach, or bowels, try
these Little Pellets. They bring a Per-
manent cure. Instead of shocking and
weakening the system with violence,
like the ordinary pills, they act in a
perfectly easy and natural way.
They're the smallest, the easiest to take
—and the cheapest, for they're guaran-
teed to give satisfaction, or your money
is returned.

qualities of Dr. Sage's Catarrh Remedy
